<p>1. In reviewing our requirements for maps with respect to our own needs and the needs of the PACOM Components, we have found that we have a need for 22 copies of each map, rather than 20 which we have been receiving, exclusive of the 2 requested by the CINCPAC War Room. Since the CINCPAC War Room has requested a much larger coverage we believe their request should be handled on a separate basis. We agree that the classified maps for the CINCPAC War Room can be packaged separately with an envelope addressed to as attached to each package containing a note "For the CINCPAC War Room," as suggested in your Memorandum No. 36, 5 April 1960. It would be similarly desirable to do this for each of the components, listed in paragraph #2. It would also be helpful if the unclassified maps could be handled in the same manner with all maps, classified and unclassified forwarded to the Station for dissemination.</p> <p>2. The addressees and number of maps requested are as follows: CINCPAC War Room, 2; CINCPAC J2, 2; USARPAC G2, 2; CINCPACFLT J2, 1; USARPAC G2, 5; CINCPACAF A2, 9; FICPAC, 1; [REDACTED] 25X1A6a</p> <p>3. W/Sgt Glonfrido has requested that the maps on the attached list be sent to the CINCPAC War Room.</p> <p>4. Please forward 30 copies of maps no. 28229 and no. 28229.1 for CINCPACFLT.</p>
